Frequently Asked Questions

Property Owner & Manager FAQs

Need help answering questions from property owners and managers? Here are some of our FAQ's from participants. Don't hesitate to reach out to LeaseUp if you have additional questions you'd like us to answer. We welcome the opportunity to set up a call and share more about the program.

1. What kind of support can I expect?

Customer support is our top priority. Here are some of the services we offer:

- A dedicated housing specialist walks you through the process of renting your unit and helps resolve any issues with your tenant.
- Customer support is available 24/7 to answer questions
- Holding fee to account for delays in filling the unit
- Vacancy loss fee should a renter move or the match not work out
- Up to \$10,000 in damage protection
- Free unit listings that reach over 2,700 case managers across LA County
- A leasing team to help lease your unit and provide access to incentive programs
- Flexibility to choose a housing program that fits your needs

2. How do I get paid?

This depends on the housing program your tenant participates in, but know that you can count on a monthly check. See here for more information.

3. How many units do I need to rent to participate?

One unit is all you need to get started.

4. Will I get paid market rate?

Housing programs can be within a percentage of HUD Fair Market Rent. Our team can help determine if the unit meets the criteria.

5. What happens if my tenant doesn't pay? Do you handle evictions?

The need for eviction has been extremely rare with LeaseUp, but in the event that it's required, we will connect you directly to people who can support you. While the LeaseUp team does not have the authority to initiate the process, we are committed to ensuring a positive experience for landlords and tenants.

6. What kind of damage is covered?

LeaseUp can cover property damage and unpaid rent up to \$10,000 after the security deposit has been applied.

7. I've never rented to someone experiencing homelessness. How can I know this won't create a problem for me or my other tenants?

To qualify for LeaseUp, tenants must be enrolled in a program that provides support services. Prior to move-in, tenants meet with supportive services to discuss their specific needs. Based on this meeting, tenants are connected to resources, such as job training, healthcare, mental health counseling or addiction treatment, and education.
